

Plastic Ceiling Receptacle Lampholders

Medium Base
660W 250V
250W 250V

Plastic Ceiling Receptacle Lampholders

Features:

- Meets all UL 496 requirements.
- Molded of high-temperature, thermoset plastic to prevent discoloration and reduce breakage.
- Mounts on 4" outlet boxes with breakout for 3 1/4" box mounting.
- Leads are 6" 105°C insulated stranded #16, stripped 3/4".
- Pull chain devices include ball chain, 3' of cord, connector and endbell.
- Top wire versions have terminal screws

backed out — ready for wiring — without removing interior.

- Push wire terminals are top wired with two push-in terminals and two screw terminals for continuous wiring.
- Sockets available in two piece version to permit interior replacement, dust ring protects against plaster and dirt.
- Shade grooves provided on two piece units.
- Made in USA.
