

9071-20

1/2 in. Impact Wrench with Rocker Switch and Friction Ring Socket Retention

★★★★★ (0) Write a review

Delivers 300 ft-lbs of torque for faster installations. The 1/2" Impact Wrench with Rocker Switch and Friction Ring Socket Retention is designed to maximize your productivity. Its powerful 7.0-amp motor drives a unique impact mechanism that produces high torque and 1800 RPM for installing or loosening bolts in less time. It features a friction ring (hog ring) socket retention system to reduce downtime with frequent accessory changes, and a rocker switch for quick selection of forward or reverse. The ergonomically shaped handle has a soft cushioned grip and provides a well-balanced and controllable feel to this lightweight tool.
