

SKELLERUP

For more than 75 years Skellerup has been the leader in the design and manufacture of the world's best hand laid rubber footwear. Skellerup's Quatro Dielectric Overshoes and Boots provide superior comfort, grip and electrical protection. All overshoes and boots listed on this flyer are tested after manufacturing at 20kV for 3 minutes as per test method ASTM F1116 for compliance with the standard ASTM F1117. All products contained in this flyer carry a unique and traceable serial number for PPE management and control.

QUATRO DIELECTRIC SLIP ON OVERSHOES

FRO3 SERIES

- Easy action slip on design
- Recessed heel step
- Full foxing guard
- High-spec, waterproof, hand-built, rubber dielectric overshoes
- Manufactured with specially formulated insulating layers offering exceptional electrical protection
- Grey upper allows for easier visual identification and in-service inspection
- Reinforcing scuff and abrasion guards in high-wear areas

PRODUCT FEATURES

Color	Grey / black
Construction	Vulcanized rubber
Upper Material	Insulating rubber
Lining Material	Quick drying integrated polyester
Outsole Material	Insulating, oil resistant, nitrile rubber
Outsole Design	SureGrip 360° forefoot and heel pads

SIZE: 7-17

STANDARD: ASTM F1117, 20kV

Skellerup's Quatro Dielectric FRO3 and FRO4 Series Overshoes feature a unique outsole. The outsole is made from insulating, oil resistant, nitrile rubber providing exceptional electrical protection. The mud releasing design of the SureGrip 360 forefront and heel pad allows for top-of-the-line grip and comfort.

QUATRO DIELECTRIC 2 BUCKLE OVERSHOES

FRO4 SERIES

- Easy action buckle system
- Recessed heel step
- Full foxing guard
- High-spec, waterproof, hand-built, rubber dielectric overshoes
- Manufactured with specially formulated insulating layers offering exceptional electrical protection
- Grey upper allows for easier visual identification and in-service inspection
- Reinforcing scuff and abrasion guards in high-wear areas

PRODUCT FEATURES

Color	Grey / black
Construction	Vulcanized rubber
Upper Material	Insulating rubber
Lining Material	Quick drying integrated polyester
Outsole Material	Insulating, oil resistant, nitrile rubber
Outsole Design	SureGrip 360° forefoot and heel pads

SIZE: 7-17

STANDARD: ASTM F1117, 20kV

QUATRO DIELECTRIC BOOTS

- Fibreglass shank
- Toe scuff guard
- Foxing wear layer
- Heel kick lug
- Quatro comfort footbed
- High-spec, fully waterproof, hand-built, rubber dielectric safety boots
- Manufactured with specially formulated insulating layers offering electrical protection over the whole boot
- Grey upper allows for easier visual identification and in-service inspection
- Built on the popular Quatro last to give a generous fit while locking the ankle and preventing heel slip

*Skellerup is transitioning out of yellow colored FQD1 Series Boots to grey/black. Customer may receive yellow or grey/black boots.

SIZE: 5-15

STANDARD: ASTM F2413, M/II/75/C/75; ASTM F1117, 20kV

ARC FLASH TESTING: This product has been tested for arc flash protection using ASTM F2621 and IEC 61482-1-1 Method B, resulting in no ignition, melting, or dripping at 40 cal/cm².

FQD1 SERIES

PRODUCT FEATURES

Color	Grey / black or yellow*
Construction	Vulcanized rubber
Fit	Wide
Upper Material	Insulating rubber
Lining Material	Quick drying integrated polyester
Outsole Material	Insulating, oil resistant, nitrile rubber
Outsole Design	SureGrip 360°
Safety Toe Cap	Wide, ComfortForm steel toe cap

QUATRO DIELECTRIC THERMAL BOOTS

- Full thermal sock liner provides warmth, comfort and additional insulation properties
- Fibreglass shank
- Toe scuff guard
- Foxing wear layer
- Heel kick lug
- Quatro comfort footbed
- High-spec, fully waterproof, hand-built, rubber dielectric safety boots
- Manufactured with specially formulated insulating layers offering electrical protection over the whole boot
- Grey upper allows for easier visual identification and in-service inspection
- Built on the popular Quatro last to give a generous fit while locking the ankle and preventing heel slip

The FDQ3 Series is the ONLY dielectric thermal boot on the market!

SIZE: 5-15

STANDARD: ASTM F2413, M/II/75/C/75; ASTM F1117, 20kV

ARC FLASH TESTING: This product has been tested for arc flash protection using ASTM F2621 and IEC 61482-1-1 Method B, resulting in no ignition, melting, or dripping at 40 cal/cm².

FQD3 SERIES

PRODUCT FEATURES

Color	Grey / black
Construction	Vulcanized rubber
Fit	Wide
Upper Material	Insulating rubber
Lining Material	4mm SBR foam and quick drying PE
Outsole Material	Insulating, oil resistant, nitrile rubber
Outsole Design	SureGrip 360°
Safety Toe Cap	Wide, ComfortForm steel toe cap
